

**KELLY D. LINDIG**

*Vice president  
construction*

14 years of service

- *project management*
- *vertical and horizontal construction*
- *landscape architecture*
- *acchitectural control committees*
- *repositioning/renovation*

Kelly Lindig joined Woodbine in 1996 and was involved in the design implementation of infrastructure projects for large-scale master-planned land developments in Dallas and San Antonio, as well as management of property owners associations at Woodbine-developed properties. In 2000, Mr. Lindig transferred to the vertical construction group and was project manager for Woodbine's first ground-up spa development. He also was project manager for Hyatt Regency Lost Pines Resort and Spa, which opened in 2006. His current project management responsibilities include coordination of design teams and governmental entities.

**EDUCATION**
