

MICHAEL K. KOESLING

Senior vice president
land/infrastructure

23 years of service

- civil engineering
- project management
- horizontal construction

Mike Koesling joined Woodbine in August 1986 and has lead responsibility for horizontal construction, selecting and supervising additional construction management consultants, contractors and professionals assigned to the project for planning, design, engineering and construction of all site development/infrastructure and golf course components. Mr. Koesling also provides site selection, evaluation and land entitlement services.

Before joining Woodbine, Mr. Koesling was vice president of Albert H. Halff Associates, Inc., a civil engineering and scientist firm based in Dallas. During his 13-year association with Halff Associates, he acquired extensive and varied experience in the design of major land development projects. Mr. Koesling also worked as a graduate engineer for Burk and Associates, Inc., in New Orleans.
