

## *Sharyland Business Park*

MISSION / McALLEN, TEXAS

SITE SIZE: 900 acres

- PROJECT TYPE: Multiuse community
- LAND USES: Industrial, commercial, residential, hotel, retail, open space
- PARTNERS/CLIENTS: Hunt Realty Investments, Inc.
- PROJECT LAUNCHED: 1991

SHARYLAND PLANTATION

PROJECT DESCRIPTION

Originally operated as a working farm, Sharyland Plantation was acquired by Hunt Oil Company in 1973. Starting in 1991, Woodbine worked with Hunt representatives to develop a master plan for the Sharyland Business Park, including commercial, office/tech, rail-served and non-rail-served industrial uses. Hunt continues to develop and market Sharyland Plantation, which is linked to Mexico via the new Anzalduas International Bridge, opening in late 2009.

Sharyland Business Park offers stringent development standards and a location in a Foreign Trade Zone that is only 60 miles from the deep-water Port of Brownsville. Sharyland is just across the Rio Grande from a 16,000-acre development owned by Grupo Rio San Juan, a leading Mexican company that offers planning, installation and development of high-tech manufacturing plants.

LOCATION / ACCESSIBILITY

Sharyland is accessed via FM 1016, the first major east-west corridor north of the Rio Grande, and Shary Road.

- 7 miles from Miller International Airport in McAllen
- 5 miles from U.S.-Mexico border
- 10 minutes from Reynosa, Mexico
- Directly connected to Grupo Rio San Juan's business park via Anzalduas International Bridge (expected to open officially in early 2010).

PROJECT HIGHLIGHTS

- 1973 Hunt entity buys Sharyland Plantation.
- 1991 Woodbine begins work on infrastructure development for a 900-acre business park.
- 1993 North American Free Trade Agreement is signed.
- 1998 Hunt Valley Development breaks ground at Sharyland; within 10 years, 500 acres are under development offering more than 4 million square feet of Class A Industrial space.
- 2010 Anticipated official opening of Anzalduas International Bridge.
