PROJECT DESCRIPTION

Woodbine was asked to provide planning and marketing services for this unspoiled Hill Country setting, featuring sweeping vistas, a wide variety of natural terrain and a 45-minute commute to Austin, Georgetown and Round Rock. Working closely with Burnet County, we helped ensure that the property's unique blend of outdoor recreation, calming geography and historical sites would continue to be enjoyed by generations to come. The property was master-planned and then sold to the Huckabay Group in 1999.

Twin Rivers Ranch was owned by Buckner Baptist Benevolences, with whom Woodbine had worked on a renovation and sales project in 1992. Buckner's holdings in Burnet County had grown from 1,100 acres in 1948 to 3,730 acres in 1997. The land featured Hill Country vistas and lakefront access. Woodbine recommended the land be used largely for residential development, including hilltop and lakefront lots; a 152.5-acre marina; some commercial and high-density residential spaces; and 450 acres of open space.
